

NewLife Nursery - 2011

Our walk with Jesus begins as soon as we come into the world, and here at NewLife our opportunity to influence God's future soldiers starts in the nursery. With love and patience, our workers are able to express Christ's example to the tiniest of Christians in training.

The nursery has been running well, with a few kinks here and there, since I started coordinating in the summer of 2011.

Currently we are looking over curriculum for the nursery. Until we have something stable and situated, we are currently focusing on the following aspects:

Love

Gentleness

Patience

Understanding

Comfort

Sharing

Loving Others

and that church is a safe place to come to and grow.

There are going to be more developments once I've become more established in the nursery. I am planning on getting someone to help coordinate it with me in the summer, because my baby is due in about five months and I will need assistance. Until then I will continue to schedule workers for Sunday mornings, and any other events where request childcare for are received.

Thank you for trusting me with the responsibility of such an important part of our church.

Respectfully submitted,

Rebecca Bruce

(Supported and overseen by Jezeah Janiak, until 'membership' is obtained by Rebecca)
